

ANIL KUMAR PRATTIPATI

FULL STACK DEVELOPER

PROFILE

A motivated Software Engineer with two years of experience in fullstack development, specializing in React state management and JavaScript. Adept at creating dynamic visualizations, graphs, and intuitive user interfaces that enhance user experience. With Enough knowledge of backend technologies, I am enthusiastic about expanding my skills to become a full-stack developer. Known for a strong attention to detail, problem-solving abilities, and a commitment to delivering high-quality, responsive web applications. Continuously seeking opportunities to learn and contribute to innovative projects.

WORK EXPERIENCE

PromptCloud Technologies

2024 - PRESENT

Software Engineer 1

- Responsible for front-end development, with a focus on optimizing hooks, modules, and overall application efficiency to ensure high performance and responsiveness.
- Assigned to manage and optimize routes, controllers, and parsers, ensuring robust backend operations that support the application's functionality.
- Optionally oversee database tasks, providing additional support to maintain data integrity and performance when needed.

PromptCloud Technologies

2023(Aug) - 2024(Aug)

Associate Software Engineer

- Took responsibility for full front-end development, designing and implementing responsive UIs using Ant Design, Bootstrap, and ReactStrap.
- Assisted in backend development with Ruby on Rails, contributing to the creation of parsers, services, mailers, and controllers.
- Played a key role in accessing and managing data in the backend, supporting the overall functionality of the application.

PromptCloud Technologies

2022(Aug)-2023(Aug)

Software Engineer-Intern

- Assisted the lead in developing and managing front-end table layouts using React.js, ensuring a responsive and user-friendly design.
- Contributed to the creation and maintenance of dynamic graphs using Chart.js and ApexCharts, enhancing data visualization and user interaction.

EDUCATION

2017 - 2019

RGUKT IIIT NUZVID

- Pre University Course (90% First Class)

2019 - 2023

RAJIV GANDHI UNIVERSITY
OF KNOWLEDGE AND
TECHNOLOGIES

- Bachelor in Computer Science and Engineering (80% First Class)

TECHOLOGIES

- React
- Redux
- Antd/Bootstrap/Material UI
- Html/Css
- Ruby on Rails (Intermediate)
- Django (Intermediate)
- ChartJS/ApexCharts
- Javascript/Ruby/Python
- SQL/MongoDB
- Git/Github

SKILLS

- React State management
- Frontend Development
- Backend controllers/Parser Management
- Responsive Web Design
- React Hooks Management

PROJECTS WORKED

42Signals (app.42signals.com)

- An E-Commerce analytics provider leveraging React and Elasticsearch technology working with subscription model.

Crawlboard (app.promptcloud.com)

- A Custom crawling website works on payment service based where websites are target for crawling based on customer needs.
